

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number

## REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)  
3004

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.  
I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 6,240,307, granted 5/29/2001, and for which a reissue patent is sought on the invention entitled Endocardial Mapping System

the specification of which

- is attached hereto.
- was filed on \_\_\_\_\_ as reissue application number \_\_\_\_\_ /  
and was amended on \_\_\_\_\_.  
(If applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

- by reason of a defective specification or drawing.
- by reason of the patentee claiming more or less than he had the right to claim in the patent.
- by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

U.S. Patent No. 6,240,307 is, through error without any deceptive intention, deemed wholly or partly inoperative by reason of a failure to claim priority to, and to describe the relationship to, USSN 08/376,067, filed January 20, 1995, now issued as U.S. Patent No. 5,553,611, issued September 10, 1996. The present application is a Continuation-in-Part of 5,553,611, which is a continuation of USSN 08/178,128, filed January 6, 1994.

This reissue is not a broadening reissue.

It is noted that the application which became U.S. Patent No. 6,240,307 was filed prior to November 29, 2000.

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.
